This article focuses on the use of drawings as a communication medium in story-making therapy with a. The use of drawings as an integral part of the therapeutic process facilitates communication when working with children who communicate reluctantly. This article focuses on the use of drawings as a communication medium in story-making therapy with a seven-year-old girl who was in crisis with multi-psychosocial childhood trauma. Authors: N Remotigue-Ano. “We shall rewrite history, history filled and debased with your heterosexual lies and distortions. We shall portray the homosexuality of the great leaders and thinkers who have shaped the world. We will demonstrate that homosexuality and intelligence and imagination are inextricably linked, and that homosexuality is a requirement for true nobility, true beauty in a man. Anti-gay conservatives believe they have found out the “hidden gay agenda”. How much of it do you think is real? 2). Hidden agenda’s are a part of everyday communication, but, always trying to prove something and having ulterior motives has an impact on your relationships. I’m good—telling stories that highlight whatever you most value about yourself. You might highlight anything you perceive as good about yourself, including your honesty, courage, wealth, power or success. Unfortunately, overemphasizing your accomplishments and how wonderful you are can make it hard for people to get to know you. I’m good, but you’re not—This is telling stories and anecdotes that prove that you are good and right by showing how bad everyone else is. You’re the one who does it right, while everyone else messes it up. You’re good, but I’m not—Putting yourself down in comparison w
