Description
New to this chapter in the Eighth Edition are e-resources that can be offered as alternatives to print resources. While the e-resources may not be as comprehensive as the print resources, they can provide some good information in the event that access to print resources is not possible. All of the print resources listed are appropriate for a basic library reference collection or circulating collection and most are appropriate for home libraries. From cocktails to cockatiels, this chapter supports a wide variety of reader interests.

A household consists of one or more people who live in the same dwelling and share meals. It may also consist of a single family or some other grouping of people. A single dwelling is considered to contain multiple households if either meals or living spaces are not shared. The household is the basic unit of analysis in many social, microeconomic and government models, and is important to the fields of economics and inheritance. Define household. household synonyms, household pronunciation, household translation, English dictionary definition of household. n. 1. a. A domestic unit consisting of the members of a family who live together along with nonrelatives such as servants. b. The living spaces and... household - a social unit living together; "he moved his family to Virginia"; "It was a good Christian household"; "I waited until the whole house was asleep"; "the teacher asked how many people made up his home". family, menage, home, house.
